

**Sale Name:** September Online Auction

**LOT 2 - Tailift FD25P Forklift**

**Description**

Forklift runs and operates as it should. Pneumatic tire machine. 4 cylinder Isuzu diesel engine. has lift, tilt, and side shift functions. Moves forward and backwards as it should unknown hours - machine runs out strong. Good rubber all around. Consignor believes it has 6500lb lift capacity, but this could not be verified on data tag. Has a return line leaking hydraulic fluid if forks are lifted to high. Machine is fully functional as is. Nice using forklift over all!
